ligion, and a chief to whom all friends of that faith owe very much. In 1833, soon after the death of Kaahumanu, and after, also, a considerable struggle between the two parties of that period, Kinau was appointed to that station under Kauikeaouli, afterwards styled Kuhina Nui - the responsible head of the Government. Kekuanaoa therefore, as her husband, had important powers committed to his charge, gradually increasing from this time till the formation and promulgation of the first constitution, which took place in the period from 1839 to 1842. The care of the finances also was con the part of shareholders, before becoming per- European teachings of Christianity, -did they in great measure in his lands; he was Judge as amanently paying investments, and probably their fraternize and assimilate even with the Hawaiians

well as acting Governor. With Manuia he had command of the fort and nilitary department, and after the death of this officer seems to have had full command. Those who remember the old Fort will excuse us for mentioning that it occupied the present site of Torbert's lumber yard and the Court House yard, -Fort street leading directly into the imposing gateway. In the enclosure was the Governor's idence, and continued to be there till the ruthss and barbaric treatment of the premises by the French troops in 1849. "Halimaile," near the Palace, then became his headquarters.

As an Executive officer of the Government, Kenaon was an important actor in the restoral of rder after the wild reaction that succeeded Kaa-For Sax Francisco—Fer Comet, November 234:—
2,184 Adiplomacy that accompanied the introduction No. 11,505 Sestablishment of the French mission on Hawaii. diplomacy that accompanied the introduction and Kinau died in 1839, and Kekuanson became n title as well as deed Governor of Oahu. His Judgeship ceased with the formation of the constitution and separation of the Executive and Judicial Departments. On state and diplomatic occasions, Governor Kekuanaoa figured promiently, and will therefore be remembered by many the hauling down of the Flag by Lord George Paulet in 1843, he was ordered to have that ignopinious service performed. "Not at all, you shall do that yourselves," was the doughty ans-

ver, and the British mariners had to do it. The school for the royal family and chiefs was n its establishment much assisted by this leader of the Alii, and the buildings were crected under his supervision. So also of the Stone Church of Kawaialao. An amusing scene is said to have taken Reision, regularity and confidence; all imporplace at the staking out of the site for this large Sedifice. The Governor insisted that it should be 160 feet long,-the pastor of the church, also a For San Francisco—Per D. C. Murray, Nov. 20th—Reve determined man, said 120, and set the stakes of F T G Thurston, wife and child; Capt Rose and wife, Miss Some end further in. The Governor set those of Emma Rose, Mrs Kingsley, Mrs Stehbens, M Silvia, wife and Some end further in. The Governor set those of Child; Miss Abby, E Cornelius Bond, J L Webster, Mr Pease, the other end again ahead; the missionary followed John Qualita, Martin Form, F McGowin, Chas McKinney, 12 the other end again ahead; the missionary followed up from behind, and the site would have walked rapidly down town, had not a happy compromise arisen as to the required dimensions. In those days the labor of the people was in great measure at the command of the chiefs, and it was but for the chief to say, Come and let us do this, and the by of cake, for which they tender their best wishes to the thing was done. The planning and execution and procural of material however, for that massive

> Hon, A. Paki, and the Rev. Mr. Bingham. An anecdote is related of former times, probably true, and at any rate very characteristic. Food in the native market place was at one time held at a very high price, a "ring," or a "corner," or something of the sort, being concocted among the market-men. The Governor came up and inquired of one of them the price of his cala-

But it gits own way, but furnishes a revenue to the Goy-Eis well known that the contrary is the case. git is an injustice to certain classes thus to favor females, simply for the gratification of the baser rs, is very natural, and perhaps plausible.

is a dead loss to the country. To justify the ap-odemoralizing effect is to drag down the Hawaiian propriation of public funds to this use, as also to the level of the coolie.

The free wharfage, and carrying license which is While on this branch of the subject, we desire to the cooling of the subject.

It is in the hands of certain leading individuals. South Sea Islanders. Now a planter, or a merchant, or a grazier, in Let this government understand that they are Cox's Sparkling Gelatine, business, will be more active, energetic and ready grace, and for any dereliction in that duty, resultto compete with his neighbors, and to employeding from ignorance or negligence, the coming others in his service, than if living in uncertain generation will hold them responsible remoteness. The result of steam service is prebetter, and, giving satisfaction, will have more isiness to do, and probably more orders to fill. This may be said to be a moral effect of steam. We will not enlarge here on the additional num ber of travelers that may be induced to visit di ferent places, as some are dubious as to the benefit CHRISTMAS PRESENTS. of such increase. But it is certain that energetical and civilized persons are more likely to settle where steam goes than where it does not.

The second objection, that money is taken ou of the country to pay for coal, deserves attention. and the credit is due to the deceased, to the late duce what will pay for the coal and more too; in Work Baskets, Ladies' Necessaires, and many other things, which case it will be a gain. It is to be hoped that it will be so. Moreover the world is a unit, Ladies and Gentlemen's Presents! at least is becoming so commercially, and industrially, and what benefits trade benefits all. The experiment is already initiated of taking a cargo Worsted, Glass Beads, Canvas, Partly Worked ofsugar, coffee and rice to Australia, with a view to bring back coal.

We think there are more schooners to-day in

ish and its contents. An exorbitant figure was your coasting trade than there would have been amed, when smash went the gubernatorial cane abad no steamer been introduced. We think that rough cover and container. Another, and another years hence the owners and captains of schoon-gin reading your strictures upon the Reform School of same fate, till one vender, see gers, as a class, will be better off personally, if this place, to consider you unnecessarily severe. A ng what was coming, took warning in time, and steam is kept up, than they would be otherwise givisit, however, to the institution, and a comparison the price, -was the command, and the market was lever its worthy people may think on the subject, principal, have dispelled the illusion, and I now pub-Neatness and order were always characteristic. Masters and Servants.

THE relation of Master and Servant in these lands is a fruitful subject of remark, of freuent litigation, and annoyance to employers. We were led into this train of thought upon making a visit to the Police Court during the week. and finding His Majesty's Cabinet arrayed in a hold, and that it shall be entered upon the schedule render null and void the contracts which the waiian people. Victoria Kaahumanu Kamamalu, died, May, with three Japanese coolies. As to the merits of the case in point we are not prepared to judge as up to this writing the court has not heard all the evidence, nor have we heard the planter's present incumbent, but his position of honor and story. We have always looked upon the system the respect due thereto depended little on any of coolie labor as an experiment, with grave title, and continued to the day of his death. His doubts as to its policy. The question has some pastor valued his regard, his sympathy, his prompt times forced itself upon us whether we were not

The reasons for our doubts are many and cogent, and we propose briefly to cite some of them. We laud no man to perfection, but the memory We are aware that our sugar plantations need of this veteran demands respect and calls forth more labor, and we have been among those who affection. In former times he would have been a were willing to try the importation of coolies; but warrior; in his time he has done more than any has to the policy of farther importation, we have of his race to maintain their independence freasons for believing that it would be impolitic. and their good name. Honor to whom honor Experience has proved that the coolies brought and may there be those who shall worthily inherit there by the government, after a great deal of talk, the sending of a special agent to China. Band the expenditure of the public money to a considerable amount—have proved to be a poorer and less manageable set than those brought here; by private enterprise.

Chinese coolies is, that they are utter pagans, recuted by the Minister of the Interior, on behalf of this Gov-Navigation Company, which contract stipulates for payment our comparatively half-civilized Hawaiians. To expose our people to the contaminating intercourse of these opium smokers, these slaves to lust, these constitutional thieves, disregarders of therefore, at Enacted, by the King and the Legislative Assembly clife, seems to be the most dangerous and suicidal of the Hawaiian Islands, in the Legislature of the King of the Hawaiian Islands, in the Legislature of the King of realisies for government to allow. of policies for government to allow.

Then again, the difficulty in communicating b tween the master and his servant. ropeans, and thus arise misunderstandings leading White SOAP. —ALSO of companies, for the performance bereafter of the Inter-sito results more or less serious, and sometimest and Navigation Service, and to pay therefor a sum not cending in murder. Or, C. BREWER & CO., Agents.

1. To find out the best ways and means to teac oung mothers how best to regulate the physical ducation of their children. 2. The establishment of small museums of literaere, art and industry. These museums would not erely contain the best works of literature and art specially adapted for women, but they would laces for meeting, lectures and the like, on which opics, such as the education of children and maters of domestic interest, should be treated by comtent women and men, if these can be prevailed pon to assist in the movement. There would also Sunday schools for women and girls of all classes. avings banks, supply associations offices for those

reflectually. As a basis for this reform the following points have been accepted:

a. That nothing be declared "old-fashioned" which has once found itself useful and appropriate

and becoming. b. That nothing new be adopted unless it ha proved itself to be both to the purpose and answer ng the demands of good taste.

c. That all garments and objects of toilet that ar Shortful to health be put away. d. To inquire whether a large saving might no be effected in things of dress, so that the expenses might be made more appropriate to the income. 4. The transformation of benevolent female initutions into "self-supporting and earning female,

institutions."
